Dear Hiring Manager,

I am excited to submit my application for the Web Developer position at STI San Jose Del Monte. As a recent graduate with a Bachelor of Science in Information Technology from STI, I am eager to begin my professional career and contribute to your team.

During my studies, I developed a strong foundation in web development technologies such as HTML, CSS, JavaScript, and various frameworks. My academic projects, including AI, Front-end and Back-end development, have provided me with practical experience in creating responsive and user-friendly websites. I am particularly drawn to STI San Jose Del Monte due to its reputation for fostering innovation and providing valuable opportunities for recent graduates like myself.

I am confident that my educational background and enthusiasm for web development make me a strong candidate for this position. I am excited about the opportunity to bring my skills into your team and contribute to the continued success of STI San Jose Del Monte.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and skills can be an asset to your organization.

Sincerely,

Kynth Anthony P. Marcaida

Career Objective

As a recent graduate with a Bachelor of Science in Information Technology from STI, I am eager to start my career as a Web Developer. I am committed to leveraging my academic background and hands-on experience in web development to contribute effectively to your team and grow within the industry.

Skills and Achievements

- **Web Development Technologies:** HTML, CSS, JavaScript, React, Tailwind CSS
- **Project Management:** Experience managing and contributing to web development projects, including responsive design and user experience optimization.
- **Technical Proficiency:** Knowledgeable in front-end development, version control with Git, and basic backend development principles.
- **Communication:** Effective communicator with experience working collaboratively on projects and with clients to understand and meet their needs.
- **Problem-Solving:** Demonstrated ability to troubleshoot and resolve issues during development and testing phases.

Education & Qualifications

Bachelor of Science in Information Technology

STI, San Jose Del Monte, Bulacan

Graduated: December, 2025

- Relevant Coursework: Web Development, Database Management, Software Engineering

---

Project Experience

Capstone Project

- Developed a comprehensive HRIS system, including a login UI, employee management features, and an archive function for data retention.
- Implemented responsive design principles and user-friendly interfaces to enhance overall user experience.

GammaCare Medical Services Inc. Website

- Created a fully responsive website with a navigation bar, hero section, and accessible design features.
- Utilized React and Tailwind CSS to build a modern, interactive interface.

Licenses / Awards / Certificates

Internship / Freelance Web Developer

Accenture, Manila

March 2025 – June 2025

• Assisted with the development of web applications and client websites.

• Contributed to front-end development tasks, including layout design and interactive features.

Additional Achievements

• **College Project Award**: Recognized for innovative solutions in web development projects.

• **Class Representative**: Participated in course management meetings and curriculum development groups.

• **Consistent Honor Student**: Maintained high grades consistently from high school up to college.

Goals and Plans for the Future

- Continue developing expertise in **web development** and expand knowledge in **data algorithms** and **machine learning**.
- Gain more industry experience through **internships or freelance projects**.
- Obtain **professional certifications** in **web technologies** (e.g., React, Node.js).
- Pursue a career at a leading tech firm or a **start-up** focusing on cutting-edge software solutions.
- Eventually, establish a **personal brand** as a web developer by sharing projects and insights through online platforms.

Employment Evaluations

Accenture, Manila
Internship / Freelance Web Developer (March 2025 – June 2025)

- **Supervisor Feedback**:
  "Displayed excellent technical skills, especially in front-end development and web applications. Consistently delivered high-quality work, and demonstrated a proactive attitude in solving problems."

- **Performance Highlights**:
  - Met all project deadlines and contributed significantly to team objectives.
  - Developed clean, maintainable code and enhanced user interfaces for client websites.
  - Displayed excellent communication and collaboration with team members.

- **Areas for Growth**:
  - Further develop back-end knowledge, especially in API development and integration.
  - Gain deeper experience in full-stack technologies to handle both front-end and back-end tasks.

Letters of Recommendation

Accenture, Manila

Internship / Freelance Web Developer (March 2025 – June 2025)

- **From Rodriguez, Senior Web Developer, Accenture**:
  "During Marcaida's time at Accenture, they consistently demonstrated a deep understanding of front-end development and contributed meaningfully to various web projects. Their dedication, attention to detail, and ability to solve problems were impressive. They were an asset to the team and have a promising future in the field of web development."

- **From Lucendo, Project Lead, Accenture**:
  "I had the pleasure of overseeing Marcaida as part of our team. Their technical proficiency and teamwork skills stood out, and they showed great initiative in improving client websites. I highly recommend them for any future roles, as they possess both the hard and soft skills necessary for success in this field."
